

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

The screenshot shows a code editor with a dark theme. The file name is 'README.md'. The content is written in Gherkin syntax. The first section is a 'Feature: Tally Counter' with an 'As a user' perspective. The user wants the tally count to be limited so they can stay within a certain range. The second section is a 'Scenario: Limiting the tally count with the "+" button'. It starts with a 'Given' clause: 'Given the tally counter is at the maximum count of 10'. This is followed by a 'When' clause: 'When I click the "+" button', and then a 'Then' clause: 'Then the tally count should remain at 10'. The editor interface includes a sidebar with icons for Explorer, Search, Source Control, Run and Debug, and Extensions. The status bar at the bottom shows 'main*', '0 0 0', 'Live Share', 'Quokka', 'Ln 7, Col 56', 'Spaces: 4', 'UTF-8', 'CRLF', 'Markdown', 'Go Live', 'Prettier', and a bell icon.

```
1 Feature: Tally Counter
2   As a user
3     I want the tally count to be limited
4     So that I can stay within a certain range
5
6   Scenario: Limiting the tally count with the "+" button
7     Given the tally counter is at the maximum count of 10
8     When I click the "+" button
9     Then the tally count should remain at 10
10
```

2. User story(ies) in Gherkin syntax for the "-" button.

The image shows a Visual Studio Code editor window with a dark theme. The title bar at the top reads "Interactive_WebApps". The file explorer on the left shows a file named "README.md". The editor area contains the following text:

```
***  
1 Feature: Tally Counter  
2   As a user  
3     I want to decrement the tally count  
4     So that I can adjust the count when needed  
5  
6 Scenario: Decrementing the tally count with the "-" button  
7   Given the tally counter is at count 5  
8   When I click the "-" button  
9   Then the tally count should decrease to 4  
10
```

The status bar at the bottom displays various icons and text: "main*", "0 0", "Live Share", "Quokka", "Ln 10, Col 1", "Spaces: 4", "UTF-8", "CRLF", "Markdown", "Go Live", "Prettier", and a bell icon.
